About *SHAHDAD* trading company

Shahdad brand is an Iranian brand, which is the largest producer of date syrup and grape syrup in the Middle East. In the preparation and production of Shahdad products, modern technology and quality products are used, and all stages of its production are sterile and hygienic, and a thick and smooth syrup is obtained from it, which has a significant quality compared to other brands.

Shahdad brand is one of the best-selling and most famous brands in this product.

SH

Date syrup and grape syrup is a completely natural product made from the highest quality products, and the combination of these two juices is used to treat anemia. In many countries, this food is used as a medicinal supplement.

Date syrup and grape syrup are the result of first-class date and grape processing, which are extracted from dates and grapes.

SH

Grape syrup is a nutritious substance that is made from grape syrup and has many properties for human health, and it is recommended to include it in your breakfast every day to increase your energy level throughout the day.

Date syrup is a completely natural and nutritious product that contains various vitamins, including B vitamins, vitamin C, iron, folic acid and magnesium.

You can use date syrup in different ways and replace it with artificial and harmful sweets and take advantage of its properties.

IS

SHAHDAD

The nature of the syrup is warm, that's why many people prepare syrup from the combination of juice and water and replace it with unnatural syrups.

Instead of adding sugar in the preparation of sweets, you can add date syrup and grape syrup to use a natural food.

Properties of date syrup:

Treatment of anemia
Strengthen bones
Lowering blood cholesterol
Digestive health

S

Properties of grape syrup:

Prevent skin aging
Increase energy
blood thinning
Memory Improvement
